WORK EXPERIENCE

INFOSYS Limited

Bangalore, INDIA

Test Engineer (JULY 2018 - DECEMBER 2019)

- Served in a Finacle Alerts System, Mobile Banking and Webpage UI Testing team for projects: DOP (Department Of Posts - India) and Caterpillar Inc.
- Primary task was to create Mobile message alert using Java and Oracle SQL, monitor and maintain the alerts as well as the deployment of patches of a Bank application(apk & website) in SIT and UAT in an agile environment.
- Create and execute automated & manual Webpage UI test plans using Selenium (Java), TestNG, JMeter, and to uncover, identify and document previously undiscovered UI problems.
- Worked closely with Technology Leads and Analysts which resulted in on-time fulfilment of client's requests. Detected defects and performance issues, advised software development department, and performed corrective measures.

INFOSYS Limited

Mysore, INDIA

JAVA Developer Trainee (JANUARY 2018 - MAY 2018)

- Trained in basic Computer technology in Infosys Limited as an Intern to complete my final year B.E project.
- Trained in Java as a core Programming subject.
- The final project was on Online Crime Reporting and Surveying Application.
- My task was to Develop Front End UI for the Webpage which included languages like HTML5, CSS3, and JavaScript.

EDUCATION

N.M.A.M. Institute of Technology, Udupi, INDIA, 2018

Bachelor of Engineering in Computer Science

St. ALOYSIUS PRE-UNIVERSITY COLLEGE, Mangalore, INDIA, 2014

Higher Secondary School Certificate in Computer Science

UPSKILLS & ADDITIONAL SKILLS

- Designed a responsive personal website using HTML5, CSS3 and JavaScript where I will be uploading everything I learn as time goes by and been improving with more aesthetics and details.
- Reskilled and gained more knowledge on Java Development, JMeter(Load & Stress Testing), Selenium(Java), TestNG, AngularJS.
- Been exploring new programming languages and technologies.
